01. About Us

Who we are, what we stand for, and why we exist

KS FUBU Building Construction (Pty) Ltd is a fully registered and compliant South African construction company, proudly established in April 2020. We are 100% Black Owned and hold a B-BBEE Level 1 Contributor status with 135% Procurement Recognition — reflecting our deep commitment to transformation and economic empowerment in the South African construction industry.

Our clients and partners include some of the largest and most established companies and government agencies in South Africa. Using our combined experience, technical expertise, and local knowledge, we deliver projects that create lasting value for communities, our economy, and future generations.

We provide a complete one-stop solution for all building works — from small residential renovations to large-scale commercial, civil engineering, and telecommunications infrastructure projects.

OUR MISSION

To deliver high-quality, cost-effective construction and engineering solutions that exceed client expectations, contribute to South Africa's infrastructure development, and create sustainable value for all stakeholders — from project owners to the communities we build in.

OUR VISION

To become the most trusted and recognised construction company in South Africa — known for excellence, innovation, integrity, and a steadfast commitment to transforming communities through world-class infrastructure.

OUR CORE VALUES

INTEGRITY

We uphold the highest standards of honesty, transparency, and ethical conduct in every project and relationship.

EXCELLENCE

We are committed to quality workmanship that meets or exceeds industry standards and client expectations on every job.

COMMUNITY

We invest in people, skills development, and the communities we build in — creating opportunities that last beyond the project.

OUR PEOPLE

We pride ourselves on our family culture. We seek out and attract high-calibre individuals who bring unique skills, energy, expertise, and perspectives to our workforce. We believe in nurturing the skills of our team members and providing growing levels of responsibility — creating an environment where excellence is the standard.

WHY CHOOSE KS FUBU?

- ✓ One-Stop Solution — from concept to completion, we handle every aspect of your build.
- ✓ B-BBEE Level 1 — 135% procurement recognition to maximise your scorecard.
- ✓ CIDB & NHBRC Registered — fully compliant with all construction industry regulations.
- ✓ Fully Insured — R1,000,000 All Risk cover via Outsurance for every project.
- ✓ Experienced Engineering Team — led by a BEngTech Civil Engineer registered with ECSA.
- ✓ Telecom Specialists — dedicated RF and rope-access team for telecom infrastructure.
- ✓ Quality Assured — ISO-aligned QMS with zero-defect handover objectives.
- ✓ Safety First — full OHS Act compliance on every site, every day.

- Bank Confirmation Letter (FNB)
- Appointment / Completion Letters
- Client Reference Letters

03. Our Services

Comprehensive building, engineering & infrastructure solutions

We undertake a wide variety of building, civil engineering, and maintenance work — from small residential jobs to large commercial, industrial, and telecommunications infrastructure projects. Our experienced, multi-disciplinary teams ensure quality delivery on time, within budget, and to specification.

General Building Construction

- Residential houses — single & double storey
- Commercial & industrial buildings
- Renovations, alterations & extensions
- Boundary walls, paving & landscaping
- Bathroom & kitchen upgrades
- Re-painting of buildings (interior & exterior)
- Replacement of floor coverings
- Brickwork repair & restoration
- Glazing of broken windows
- Graffiti removal & protective coatings
- Repair of roof leaks

Civil Engineering Works

- Concrete structures, foundations & slabs
- Stormwater drainage systems
- Roadworks and earthworks
- Spalling concrete detection & repair
- Structural concrete maintenance
- Rib & block slab systems

Structural Works

- Reinforced concrete beams and slabs
- Structural steel fabrication & installation
- Lintel manufacturing and installation
- Structural alterations & upgrades

Fire Safety Upgrades

- Replacement of fire doors
- Installation of fire walls
- Fire damper replacement units
- Fire rated window installation
- Repair of fire damage
- Coordination of all fire extinguisher works
- Full project management of fire compliance

Transport & Logistics

- Transportation of goods & materials to site
- Cross-regional site logistics
- Material sourcing & delivery coordination

Telecommunications Infrastructure

- Construction of telecom towers, bases & plinths
- Tower foundation excavations & concrete casting
- Equipment shelter construction
- Tower fencing & security installations
- Maintenance & upgrading of telecom infrastructure
- RF antenna installation & alignment
- 5G site modernisation (Vodacom & MTN)
- Rope access tower work by certified technicians

Roof Services

- Roof repair and preventative maintenance
- Tiled roof restoration & full replacement
- Metal roof installation & replacement
- Waterproofing & leak repairs
- All roofing aspects by qualified tradesmen

Damage & Storm Restoration

- Hail storm damage restoration
- Exterior paint & siding damage repairs
- Gutter, fence & window damage repairs
- Roof damage assessment & emergency repair
- Fast quotes & rapid on-site response
- Responsive maintenance: plumbing, electrical, carpentry, locksmith

Window Factory

- Specialised aluminium window manufacturing
- Supply & installation of replacement windows
- Safety doors & fly screens — custom made to order
- Full workshop: drilling, grinding, flame cutting & welding
- All products manufactured in-house to specification

Kitchen Factory

- Custom kitchen joinery — design to installation
- Capacity: 3 complete kitchens per day
- Budget kitchens to marble bench top kitchens
- In-house joinery workshop — cabinet makers on site
- Tailored for residential, commercial & rental properties

04. Our Team

The people who deliver excellence on every project

KS FUBU Building Construction is led by qualified civil engineers and supported by an experienced, multi-disciplinary team of construction professionals, RF technicians, rope-access specialists, and site engineers. Every team member is selected for their expertise, professionalism, and commitment to quality.

OUR FOUNDERS

Katlego Simon Maja
Director / CEO & Project Manager

- BEngTech in Civil Engineering — University of Johannesburg (2025)
- ECSA Registered: Candidate Engineering Technologist (Reg. 2025407618)
- Civil Engineering Tutor — University of Johannesburg (Feb 2021 – Dec 2023)
- Modules: Hydraulics 1A, Surveying 1A & 1B, Hydrology 1B
- Expertise: Civil engineering, project management, structural design, hydraulics, surveying

Ndivhudzannyi Mashiane
Co-Director

- Co-founder of KS FUBU Building Construction (Pty) Ltd
- Strategic oversight, business development and operations management

TELECOM & SITE TEAM

Our telecommunications team has extensive hands-on experience across South Africa's major telecom networks — including MTN, Vodacom, Telkom, Huawei, and Ericsson projects.

Tsotetsi Bafana Andries
RF Engineer & Rope Access Technician

- SA Rope Access Technician (2015–2016)
- Skyriders — Kusile Power Station supervisor (2016–2020)
- Emerald Telecoms — Telkom/Huawei projects (2020–2023)
- Tensor Dynamics — MTN MIMO & Ericsson (2023)

Okuhle Molisi
RF Technician — 5G & Network Modernisation

- RF Technician — DCN Installers (2021–present)
- 5G installation — Vodacom & MTN modernisation (Monza & Shesha projects)
- Rigging RRUs, antennas, fibre routing, RF surveys & Smart Aligner reports
- Education: Ikhala TVET College — Mechanical Engineering (2018)

Lucky Titus Ncongwane
Senior Field Engineer — Telecommunications

- 12+ years of telecommunications field experience
- MW & wireless installation, surveying, FME
- Employers: GCWENCA/Ericsson, Transforce, TERACO, ATIO Corp
- Skills: Fibre, wireless optimisation, site engineering

Mnelisi Sicelo Shongwe
RF Technician & Site Engineer

- Site Engineer — Huawei projects (Sept 2021 – Nov 2024)
- RF Technician — Gcwensa (2025–2026)
- Hardware installation, configuration, quality assurance & integration
- Drive testing, site inspection, troubleshooting, Code 10 driver

Kwanele Mncube
Team Leader & Rope Access Specialist

- High altitude rope access & telecom operations
- Team Leader — telecom network installations (2018–2019)
- PPM maintenance — MTN via On Time Telecoms (2023–2025)
- Safety compliance, rope access techniques, Code 14 driver

Jeremia Tshipane
Rope Access Technician

- SA Rope Access Technician (2016–2017)
- Glocorp — Vodacom radio frequency upgrade (2019–2021)
- Rant Telecom RF Technician — Vodacom surveys (2022)
- Yellow Dot Coatings — industrial painting (2023–2025)
- Skills: rope access, HIRA, confined space, hazardous chemicals

Zamani Cyril Mkhize
Field Technician — RF, LTE & Microwave

- 5 years field technician experience
- RF design circuitry, LTE networks, SPDU installation
- Assistant Team Leader — Mobax Group (2020–2022)
- Ericsson & Huawei equipment — radio propagation & frequency coordination

Bathromew Fermson Kapininga

Telecommunications Technician

- Telecoms Technician — Zavuna Technology
- Team Leader/Installer — Skybright Sky Light CC
- Microwave installation, commissioning, survey & installation reports
- Technical: MS Office, network admin, hardware inspection & IT troubleshooting

Mukhethwa Ndou

RF & Maintenance Technician

- Assistant Team Leader — First Option/MTN (2021–2022)
- Telkom upgrading — TS Solution (2022–2023)
- Vodacom maintenance — TDS (2023–2025)
- Certifications: Fall Arrest, Basic Rescue, Fire Fighting, First Aid L2
- Code 10+PDP driver's licence

05. Quality Assurance & Experience

Our commitment to excellence on every project

KS FUBU Building Construction (Pty) Ltd is committed to delivering construction and engineering projects that meet or exceed client expectations, statutory requirements, and industry standards. We follow structured quality control procedures aligned with ISO-based quality management principles.

QUALITY POLICY STATEMENT

Management is fully committed to implementing and maintaining an effective Quality Management System (QMS) across all operations. We ensure compliance with approved drawings and specifications, use only quality-approved materials, maintain skilled workmanship and active site supervision, and continuously improve our standards and processes.

Quality Objectives

- ✓ Deliver all projects on time and within budget
- ✓ Achieve zero major defects at project handover
- ✓ Maintain high client satisfaction on every project
- ✓ Ensure 100% compliance with building & safety regulations
- ✓ Continuously improve workmanship standards
- ✓ Reduce rework through rigorous pre-delivery inspection
- ✓ Transparent communication with clients at every stage

QMS Standards

- ✓ Compliance with approved drawings & specifications
- ✓ Use of quality-approved materials throughout
- ✓ Skilled workmanship and active site supervision
- ✓ ISO-aligned Quality Management System principles
- ✓ Full adherence to OHS Act on every site
- ✓ Regular site inspections and quality audits
- ✓ Structured post-project client feedback process

AREAS OF CONSTRUCTION EXPERIENCE

We have successfully completed and managed projects across multiple construction disciplines, delivered in compliance with NHBRC standards, municipal regulations, approved building plans, and full OHS Act requirements.

Building Construction

- Full turnkey residential housing projects
- Single & double storey residential units
- Commercial property upgrades & refurbishments
- Boundary walls, paving & landscaping
- Renovations & structural alterations
- Kitchen & bathroom upgrades

Telecommunications

- Telecom tower base construction
- Tower foundation excavation & casting
- Equipment shelter construction
- Tower fencing & security
- 5G site modernisation — Vodacom & MTN
- Rope access tower maintenance

Safety & Compliance

- OHS Act compliance on all sites
- CIDB & NHBRC requirements met
- Construction All Risk Insurance in force
- UIF and labour law compliance
- COIDA compliance for all workers
- Fire safety upgrades & compliance

CLIENT COMMITMENT

We understand that every client is unique, every project is different, and every deadline matters. Our approach is built on three pillars: clear communication throughout the project lifecycle, responsive problem-solving when challenges arise, and meticulous attention to quality at every stage — from site preparation through to final handover and sign-off.

Official appointment letters, project completion certificates, and reference letters from satisfied clients are available upon request for verification, tender evaluation, and due diligence purposes.

06. Contact Us

Get in touch — we are ready to work with you
